Hello,

Please put (972) 207 5749 on your do not call list. I keep getting calls for you and I tell the callers that I don't want the calls and they keep calling. Please do not do business with telemarketers like this. They are also very deceptive, they call claiming to be offering gift cards or vouchers but it is bait and switch. **I live in Washington State** and they even use local calling numbers to pretend they are local and that is really a dirty trick.

Hello,

Someone is promoting you (the practical ID protection) via phone calls. The calls advertise free gift/rebate cards with a small shipping and handling fee, but that small fee showed up as a \$3.49 payment to "PRACTICAL ID PROTECTIO". I have been getting these calls for a long time.

I am probably in your system as a "Nathen Barton" at 4618 NW 11th Cir, Camas WA 98607. Can you tell me what company put my name and address in your system? I will reach out to them and tell them again to stop.

Hello, I am following up. I have learned more about how it works. Your telemarketers call offering \$50 or \$100 vouchers or gift cards, and then say a small fee must be paid to receive the card. That fee seems to be a small amount you charge the card.

They keep calling me.

Hello,

My name is Nathen Barton and I keep getting telemarketing calls promoting ID theft protection from you folks. I have asked the callers many times to stop calling but they keep calling. I live in Washington State and they even use local calling numbers to get me to answer the phone.

On the calls they say they are offering \$100 retail rebates but they need a small fee for shipping and handling. It turns out there is no retail rebate and the \$3.49 is some sort of subscription to you folks. I am probably in your system as a "Nathan Barton".

Please end this.

VI. Practical I. D . Protection Policy Concerning Cookies and Other Tracking Technologies

Cookies and similar tracking technologies, such as beacons, scripts, and tags, are small bits of code, usually stored on a user's computer hard drive or device, which enable a website to "personalize" itself for each user by remembering information about the user's visit to the website.

As described in more detail below, our Site may use cookies to store your preferences, display content based upon what you view on our Site to personalize your visit, analyze trends, administer the Site, track users' movements around the Site, serve targeted advertising and gather demographic information about our user base as a whole. On mobile websites and mobile apps, we may use Anonymous Device IDs and/or Advertiser Identifiers in a manner similar to our use of cookies on our websites. To opt-out of advertising and certain other cookies, please see the opt-out links below.

Practical I. D . Protection Cookies (First Party Cookies): We, at Practical I. D . Protection, may use our cookies to improve your web-browsing experience. For example, we use a cookie to reduce the time it takes for you to submit purchase requests by storing a registered user's e-mail address so that the user does not need to enter their e-mail address each time that they log-in to Practical I. D . Protection. We will also use a cookie to keep track of your search criteria while you are engaging Practical I. D . Protection services. Practical I. D . Protection cookies are associated with a user's Personal Data. However, no third party may use the information we collect through our Practical I. D . Protection cookies for their own purposes.

Third Party Cookies: We work with third-parties that place cookies on our Site to provide their services, including:

- **Ad Targeting:** We work with third-party advertising companies to serve ads while you are visiting our Site and permit these companies to place and access their own cookies on your computer in the course of serving advertisements on this Site. These companies may use information obtained through their cookie (which does not include your name, address, e-mail address or telephone number) about your visits to our and other websites, in combination with non-personally identifiable information about your purchases and interests from other online sites in order to provide advertisements about goods and services of interest to you. Other companies' use of their cookies is subject to their own privacy policies and not ours. **Data Providers:** We also allow data providers to collect web log data from you (including IP address and information about your browser or operating system), when you visit our Site, or place or recognize a unique cookie on your browser to enable you to receive customized ads or content. These cookies contain no personally identifiable information. The cookies may reflect de-identified demographic or other data linked to data you voluntarily have submitted to us, e.g., your email address, that we may share with data providers solely in hashed, non-human readable form.
- **Analytics/M Measurement:** We also use third-party analytics cookies to gain insight into how our visitors use the Site, to find out what works and what does not, to optimize and improve our websites and to ensure we continue to be interesting and relevant. The data we gather includes which web pages you have viewed, which referring/exit pages you have entered and left from, which platform type you have used, date and time stamp information and details such as the number of clicks you make on a given page, your mouse movements and scrolling activity, the search words you use and the text you type while using our Site. We also make use of analytics cookies as part of our online advertising campaigns to learn how users interact with our website after they have been shown an online advertisement, which may include advertisements on third-party websites.
- **Re-marketing Pixel Tags:** In addition, we may share web site usage information about visitors to our Sites with third-party advertising companies for the purpose of managing and targeting advertisements and for market research analysis on our Site and other sites. For these purposes, we and our third-party advertising companies may place pixel tags (also called clear gifs) on some of the pages you visit on our Site. We will then use the non-personally identifiable information that is collected using these pixel tags to serve you relevant advertisements when you are visiting other sites on the Internet. These advertisements may be targeted to specific searches you conducted on Practical I. D . Protection during earlier browsing sessions.
- **Flash Cookies:** Our partners, who may provide certain features on our site or display advertising based on your browsing activity, also use Local Shared Objects such as Flash cookies, and Local Storage such as HTML5, to collect and store content information and preferences. Various browsers may offer their own management tools for removing HTML5 local storage. To manage Flash cookies, please click [here](#).

Opting Out of Cookies: We provide you with choice over the use of cookies as described in this Privacy Policy. However, our Site is not currently configured to respond to Do Not Track signals. If you'd rather we didn't use Practical I. D . Protection cookies when you visit us, check with your own browser's settings and "help" menu for how to configure your settings to reject cookies.

If you would like to opt-out of third-party cookies, here are some options:

Mobile Devices

- Anonymous Device Identifiers and Hashed IDs: We and/or data providers that we have engaged may collect and store a unique identifier matched to your mobile device, in order to deliver customized ads or content while you use applications or surf the internet, or to identify you in a unique manner across other devices or browsers. In order to customize these ads or content, we or a data partner may collect de-identified demographic or other data about you (received from third parties) either to data you voluntarily have submitted to us, e.g., your email address, or to data passively collected from you, such as your device identifier or IP address. However, we will share your email address solely in hashed, non-human readable form.

If you no longer wish to receive interest-based advertising on your mobile device browser or applications, please refer to your device's operating system settings, or follow instructions below.

This includes faster purchase requests, better customer support and timely notice of new services and special offers and more relevant content.

Secured ID LLC uses the information you provide to perform the services you purchase, including for example, to monitor your credit, search for information about you online, obtain your credit reports for you, freeze or unfreeze access to your credit information, help you update third parties in the event of a lost or stolen wallet, reduce the junk mail you receive and perform a criminal background check for you.

From time to time, Secured ID LLC may contact you to request feedback on your experience using the Site, to assist us in improving the Site, or to offer special savings or promotions to you, as a Site user. Please refer to the websites of third party suppliers for their Privacy Policies and other information on the suppliers. We may revise this list from time to time if we decide to offer additional services through these or other third-party partners.

Secured ID LLC's Agents: Many of the operations we perform require us to hire other companies to help us with these tasks. For example, Secured ID LLC may hire companies to help us handle mail and e-mail, analyze the data we collect, market our products and services, handle credit card transactions and provide customer service. The companies we employ to help us with these tasks have access to Personal Data to perform their functions, but may not use it for other purposes. It is also possible that Secured ID LLC, or substantially all of its assets, may be acquired by another company, whether by merger, sale of assets or otherwise, and Personal Data may be transferred as part of such a transaction. In such cases, the acquiring company would be required to honor the privacy promises in this Privacy Policy or obtain your consent to any material changes to how your Personal Data will be handled.

Compliance with Law and Other Disclosures: Secured ID LLC reserves the right to release Personal Data in order to comply with applicable law and when we believe that disclosure is necessary to comply with a judicial proceeding, court order, or legal process served on us. We may also release Personal Data to enforce or apply the terms and conditions applicable to our products and services, protect us or others against fraudulent or inappropriate activities, or otherwise protect the rights, property or safety of Secured ID LLC, our affiliated companies, our customers, or others.
